

CONTENTS OF *Animal Reproduction Science*, VOLUME 16

VOL. 16 NO. 1
MARCH 1988

The effect of protein intake on body weight, scrotal circumference and semen production of Bunaji bulls and their Friesian crosses in Nigeria P.I. Rekwot, E.O. Oyedipe, O.O. Akerejola and J. Kumi-Diaka (Zaria, Nigeria)	1
Characterization of the uterine environment during early conceptus expansion in the bovine R.D. Geisert (Stillwater, OK, U.S.A.), M.T. Zavy (El Reno, OK, U.S.A.), B.G. Biggers, J.E. Garrett and R.P. Wettemann (Stillwater, OK, U.S.A.)	11
Plasma follicle stimulating hormone, ovulation rate and fertility in Merino ewes treated with bovine follicular fluid K. Kind, B.M. Bindon, M.A. Hillard and T. O'Shea (Armidale, N.S.W., Australia)	27
Year and season effects on oestrus and ovarian activity in ewes of different breeds and crosses J.F. Quirke, G.H. Stabenfeldt and G.E. Bradford (Davis, CA, U.S.A.)	39
Peri-pubertal ovulatory events and progesterone profiles of Javanese thin-tail sheep I.K. Utama (Bogor, Indonesia), T.N. Edey (Armidale, N.S.W., Australia) and I.C. Fletcher (Bogor, Indonesia)	53
Oestrous cycle dynamics in peri-pubertal and mature Javanese thin-tail sheep I.K. Utama (Bogor, Indonesia), T.N. Edey (Armidale, N.S.W., Australia) and I.C. Fletcher (Bogor, Indonesia)	61
Short Communication	
Ovarian and uterine responses in relation to norgestomet-PMSG treatment in the true anoestrous buffalo G.D. Singh, G.B. Singh, R.D. Sharma and A.S. Nanda (Ludhiana, India)	71
Guide for Authors	75

VOL. 16 NO. 2
APRIL 1988

Follicular populations during the estrous cycle in heifers. III. Time of selection of the ovulatory follicle R.A. Pierson and O.J. Ginther (Madison, WI, U.S.A.)	81
Early cycle FSH-p priming as a prelude to superovulating gonadotropin administration in ewes and heifers C.B. Ware, D.L. Northey (Madison, WI, U.S.A.), M.P. Boland (Dublin, Ireland) and N.L. First (Madison, WI, U.S.A.)	97
The effect of fetal hypophysectomy and fetal death in gilts with small litters on concentrations of relaxin, progesterone and estradiol-17 β J.Z. Kendall (Galveston, TX, U.S.A.), P.J. Dziuk, D.R. Nelson, O.D. Sherwood, J.C. Thurmon (Urbana, IL, U.S.A.) and R.F. Frankowski (Houston, TX, U.S.A.)	107
The involvement of boar submaxillary salivary gland secretions in boar-induced precocious puberty attainment in the gilt G.P. Pearce, P.E. Hughes (Leeds, Great Britain) and W.D. Booth (Cambridge, Great Britain)	125

Breeding season and pregnancy-associated increase in plasma levels of fibrin/fibrinogen in the mink	
J. Hau (Frederiksberg, Denmark), O.M. Poulsen (Odense, Denmark), A. Brandt (Hollerød, Denmark) and S. Alexandersen (Hamilton, MT, U.S.A.)	135
Intracellular calcium in hamster spermatozoa in testis, epididymis and during the acrosome reaction	
A. Ruknudin, J.P. Dadoune (Paris, France) and I.A. Silver (Bristol, Great Britain)	145

Book Reviews

Vertebrate reproduction: a textbook	155
Exploiting new technologies in animal breeding, genetic developments	155
Reproduction in cattle	156

Announcements	158
---------------------	-----

VOL. 16 NOS. 3/4

JUNE 1988

Effect of exogenous estradiol on mobility and fixation of the early equine conceptus	
C. Bessent, D.T. Cross and O.J. Ginther (Madison, WI, U.S.A.)	159
Epididymal sperm reserves in 12-month-old Angus and Hereford bulls: effects of bull strain plus dietary energy	
G.H. Coulter and D.R.C. Bailey (Lethbridge, Alta., Canada)	169
The influence of parasitic infestations on metabolism, puberty and first mating performance of heifers grazing in a tropical area	
J.C. O'Kelly, T.B. Post and R.P. Bryan (Rockhampton Mail Centre, Qld., Australia)	177
Prepartum and postpartum glycogen accumulation in bovine uterine arteries	
S. Kamiya and M. Daigo (Tokyo, Japan)	191
Levels of LH, progesterone and estradiol-17 β during natural and PGF _{2α} -induced estrus in Indobrazil and Brown Swiss cows in the tropics	
F. Jiménez (Mexico-Toluca, Mexico), C.S. Galina, A. Duchateau and R. Navarro-Fierro (Mexico, Mexico)	199
Fertilization of bovine oocytes in vitro: effect of different sources of gametes on fertilization rate and frequency of fertilization anomalies	
A. Pavlok (Liběchov, Czechoslovakia), H. Torner (Dummestorf-Rostock, German Democratic Republic), J. Motlik, J. Fulka (Liběchov, Czechoslovakia), P. Kauffold and U. Duschinski (Dummestorf-Rostock, German Democratic Republic)	207
Characterization of short luteal cycles in the early post-partum period and their relation to reproductive performance of dairy cows	
S. Eger, M. Shemesh, H. Schindler, S. Amir (Bet Dagan, Israel) and R.H. Foote (Ithaca, NY, U.S.A.)	215
Sensitive enzyme immunoassay of progesterone in skim milk using second-antibody technique	
B.S. Prakash, H.H.D. Meyer (Freising-Weihestephan, Federal Republic of Germany) and D.F.M. van de Wiel (Zeist, The Netherlands)	225
Dystocia, pelvic and cervical dilatation in beef heifers after induction of parturition with relaxin combined with cloprostenol or dexamethasone	
A.I. Musah, C. Schwabe, R.L. Willham (Ames, IA, U.S.A.) and L.L. Anderson (Charleston, SC, U.S.A.)	237

Use of hypothalamic releasing hormones to evaluate the reproductive endocrine status of rams	
M.J. D'Occhio (Clay Center, NE and Lincoln, NE, U.S.A.), B.D. Schanbacher (Clay Center, NE, U.S.A.) and J.E. Kinder (Lincoln, NE, U.S.A.).....	249
Survival of goat embryos frozen and thawed rapidly	
V.H. Rao (Andhra Pradesh, India), B.C. Sarmah (Assam, India), K.P. Agrawal, M.R. Ansari and N.K. Bhattacharyya (Izatnagar, Uttar Pradesh, India).....	261
The quantitative ultrastructural assessment of head membrane damage in boar spermatozoa subjected to varying degrees of cold shock	
J.M. Plummer and P.F. Watson (London, Great Britain)	265
The effect of collection procedure on the sperm output and copulatory behavior of AI stud boars	
S. Arkins, L.H. Thompson, J.R. Giles, T. Camacho and B.D. Hosmon (Urbana, IL, U.S.A.)	277
The plasminogen activator activity is markedly increased mainly at the area of the rupture of the follicular wall at the time of ovulation	
A. Smokovitis, N. Kokolis and E. Alexaki-Tzivanidou (Thessaloniki, Greece).....	285
Influence of varying intensities of supplemental lighting during decreasing daylengths on puberty in gilts	
M.A. Diekman and D.M. Grieger (West Lafayette, IN, U.S.A.).....	295
Effects of zinc deficiency on prostaglandins and fatty acid composition of the testes of rabbits	
M.M. Eltohamy, M. Younis and D. Elsaied (Cairo, Egypt)	303
Book Review	
Biology of ovarian follicles in mammals	311
Author Index	313
Subject Index	317
Contents of <i>Animal Reproduction Science</i>, Volume 16	324

Upon acceptance of an article by the journal, the author(s) will be asked to transfer copyright of the article to the publisher. The transfer will ensure the widest possible dissemination of information.

Submission of an article for publication entails the author(s) irrevocable and exclusive authorization of the publisher to collect any sums or considerations for copying or reproduction payable by third parties (as mentioned in article 17 paragraph 2 of the Dutch Copyright Act of 1912 and in the Royal Decree of June 20, 1974 (S. 351) pursuant to article 16b of the Dutch Copyright Act of 1912) and/or to act in or out of Court in connection therewith.

Special regulations for readers in the U.S.A. - This journal has been registered with the Copyright Clearance Center, Inc. Consent is given for copying of articles for personal or internal use, or for the personal use of specific clients. This consent is given on the condition that the copier pay through the Center the per-copy fee for copying beyond that permitted by Sections 107 or 108 of the U.S. Copyright Law. The per-copy fee is stated in the code-line at the bottom of the first page of each article. The appropriate fee, together with a copy of the first page of the article, should be forwarded to the Copyright Clearance Center, Inc., 27 Congress Street, Salem, MA 01970, U.S.A. If no code-line appears, broad consent to copy has not been given and permission to copy must be obtained directly from the author(s). All articles published prior to 1980 may be copied for a per-copy fee of US \$2.25, also payable through the Center. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotion purposes, or for creating new collective works. Special written permission must be obtained from the publisher for such copying.

No responsibility is assumed by the Publisher for any injury and/or damage to persons, livestock or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein.

Although all advertising material in this publication is expected to conform to ethical (medical) standards, inclusion herein does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.
